Dave:

In reply to your inquiry this morning, it is likely that the OSM will relinquish jurisdiction over the Tipple #2 permit at Turley.

I was in on a conference call with attorneys for both the numbers company and Green Pilgrim. They are in the process of working on their respective agreements between the two companies. I have prepared bond forms for all the other Green Pilgrim sites and they are in review by OSM. I was told not to even file bond forms for Tipple 2.

The attorney for the numbers company is out of the office until June 10. Hopefully we can have things settled quickly when he returns.

Meanwhile, I have complete the NOI and SWPPP for KyKenKee, the new owners of the property at Turley. I will be submitting those today.

We have also begun work on the General NPDES Multi-Sector Permit for Stormwater Discharges from Industrial Activities.

Let me know if you need any further explanation.

Cheers,

Tim Slone
